The main content area is titled 'Dashboard' and features a 'For you' section with several recommended actions: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Set up your IBM Cloud account' (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'Use Knowledge Studio' (Use custom machine learning models to identify entities and relationships that are unique to your industry in unstructured text), and 'Create' (Deploy available Hat Op). Each action card includes a 'Getting started' button and a time estimate. The dashboard also features a 'News' section with a 'View all' link and a 'Planned maintenance' section with a 'View' link.
